### Declaration:

1. I hereby transfer irrevocably the right to archive, maintain, and publish an electronic, full-text version of the aforementioned publication on the University of Potsdam Publication Server (and thus to make the document available on the Internet for free use) to the University of Potsdam, as represented by the Publications Department of the Potsdam University Library.
2. I assure that there are no legal impediments for online publication of the document or any other issues (copyright- or license-wise) that might infringe rights of third-parties. In case of failure I am obliged to notify immediately the operator of the Publication Server. Furthermore, I exempt the University of Potsdam from any claims of third parties.
3. I grant Potsdam University Library the right to make the aforementioned publication, including all data describing the document (metadata), available under the same conditions to other libraries, archives, aggregators, or Open Access portals for the purpose of further distribution and/or long-term archiving of the document.
4. I grant permission to Potsdam University Library to provide users with print-on-demand copies or digital copies of the aforementioned publication for private use. Potsdam University Library may delegate this service to a third-party.
5. The University Library is authorized to perform data changes if technical developments require such changes (for example, conversion to different data formats). Content changes are not allowed.
